

GTC AMATEUR PLATE TRANSFORMERS are DUO-PRIMARY

**HIGH OR LOW
POWER AT THE
SNAP OF A SWITCH**
(Patent applied for)

● Off resonant currents get plenty high. Don't damage expensive tubes or equipment when tuning with high power. Use **GENERAL TRANSFORMERS** with fingertip control — all switching done in the primary — at low power — safely, economically, practically.
Tune with safe **Lo Power** — Snap, and the "soup's on!" Snap to **Lo** for those local QSO's! Snap and you're set for DX!

Switching power with G T C's does not affect efficiency of the unit, whereas tremendous power would be wasted if resistors were used for Hi-Lo Power.

All controls on the front of the panel — you don't reach behind and run the risk of tangling with high voltage. Changing power by switching high voltage terminals is dangerous — 3,000 volts is no toy.

Fingertip switching with **GENERAL'S** is the safe answer — it eliminates those cold sweat visions of tubes going up in smoke.

Delta Division Convention

September 5th and 6th at Monroe, La.

THE Monroe Amateur Radio Club of Monroe, Louisiana, has been awarded the Delta Division convention by Director Arledge and it has also received the approval of A.R.R.L. Headquarters. The committee takes pleasure in extending a cordial invitation to all radio amateurs in Tennessee, Arkansas, Mississippi and Louisiana to attend the affair. The dates are September 5th and 6th, Saturday and Sunday respectively, at the Virginia Hotel, Monroe, Louisiana.

Senator James A. Noe, former governor of state and Hon. Arnold Bernstein, mayor of Monroe, will be with us to see that everything is started right. "Bull" sessions have been lined up to make everybody feel perfectly at home. Good technical talks by prominent radio men are being arranged and the first day will end with a boat ride on the Ouachita River on Noe's Ark. The YL's and ex-YL's will be given special attention. The banquet will be held at noon on Sunday and Pat Lynch, W5EGK, will act as toastmaster and in case there are hungry folks the committee has prepared for a barbecue at 6:00 p.m. Send word to Mrs. Jewel L. Caraway, Sec'y, P. O. Box 497, that you will be present or for further information.

Southeastern Division Convention

September 5th and 6th at St. Petersburg, Florida

THE Hotel Suwannee, one of St. Pete's finest hostleries, has been chosen as the headquarters for this year's annual division convention by the St. Petersburg Amateur Radio Club. A cordial invitation is extended to all radio amateurs of this division and other sections to visit the Sunshine City of the State of Florida and be entertained by a club that knows what real old-fashioned southern hospitality is. There will, of course, be good speakers, contests and the many informal gatherings during the two days of the convention. Special rates at the hotel have been assured. The registration fee will be \$3.00 for hams and \$2.00 for the YL and XYL. Reservation may be made by addressing Mr. Ed. Wallace, Convention Secretary, Suwannee, St. Petersburg, Florida. A special prize will be given to the one registered from the greatest distance.

Roanoke Division Convention

August 28th and 29th at Clarksburg, W. Va.

THE Mountaineer Amateur Radio Association, which is sponsoring the official Roanoke Division convention to be held at the Waldorf Hotel, Clarksburg, West Virginia, on August 28th and 29th, is putting in every effort to make this year's convention the outstanding event in the Division. It surely will be if you respond to the
